Veterinary Referral

Speak to your veterinary surgeon and explain that your pet has behaviour problems and that you would like an appointment with Carolyn Lowing of Pet Mentors.

You may give this referral form to your vet for him or her to complete and give back to you. Fill in your own and your pet's information first.

Your vet may prefer to write a letter or call Pet Mentors.

As correct diagnosis of the behaviour problem is vital in successfully treating your pet it is only possible to give advice after a personal consultation. Telephone follow-up consultations are then possible.

If you would like further clarification please don't hesitate to call.
